

THE COMMISSION OF FINE ARTS

ESTABLISHED BY CONGRESS 17 MAY 1910

NATIONAL BUILDING MUSEUM
401 F STREET, N.W., SUITE 312
WASHINGTON, D.C. 20001-2728

202-504-2200
202-504-2195 FAX

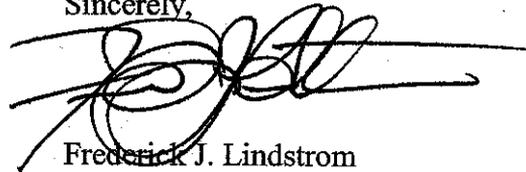

25 June 2004

Dear Mr. Ball:

During its meeting of 17 June 2004, the Commission reviewed the design development for the proposed addition to the parking garage at Union Station, particularly the options for the screening material. The previously proposed corrugated screening panel was not approved at the May meeting and we appreciate your looking into alternatives. The suggested substitute flat panel with one inch square openings may be a good choice; however, before the Commission gives its final approval, the members would like to see a sample of the panel in place on the garage facade. Please inform the staff when the sample is installed and they will coordinate with the members to view the panel as soon as possible.

As always, the staff is available to assist you with the next submission.

Sincerely,

Frederick J. Lindstrom
Acting Secretary

Mr. David S. Ball, President
Union Station Redevelopment Corporation
