Area Measurement Report

Total Roof Area, 1646 sqft

Pitched Roof Area: 1645 sqft

Two Layer Area: 0 sqft

Predominant Pitch: 4/12

Predominant Pitch Area: 950 sqft

Unspecified Pitch Area: 0 sqft

* We are removing the present standing seam metal roof + installing a new standing seam aluminum roof on the entire roof.

Color: Matte Black

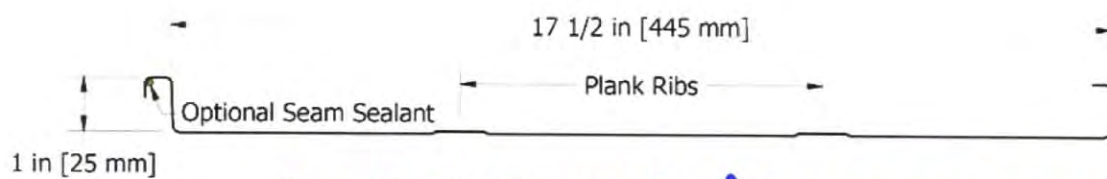

Seams are machine locked
 pan width - 17 1/2"
 seam height - 1"

* this is the same as the existing metal roof.

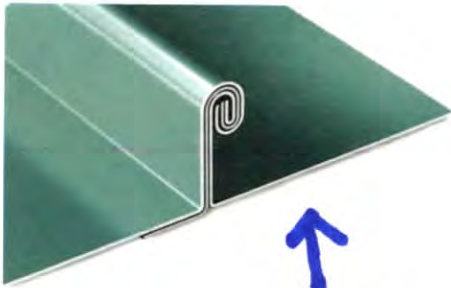

The ridge can't be hand crimped but we will use a smaller cap.

No gutters or downspouts will be changed or replaced.

Construction of Seams

Example of the wall
Cap we will be
installing on the
parapet wall.

Example of how
we will be dealing
with the valley.
There is no cricket.

17 1/2" width
1" height seam
