Head Jamb and Sill
8 Degree Bevel Sill
Installed in Existing Frame

Jamb
Installed in Existing Frame
Simulated Divided Lite with Spacer Bar (SDLS)

Paired with SDL bars on the exterior of the glass, a spacer bar is installed between the glass, creating an even closer match to the Authentic Divided Lite look.

Patterns

Marvin's custom capabilities allow us to create almost any divided lite pattern you can dream up, with combinations of widths, unique profiles, rectangular or radius cuts and more. Choose from an existing lite cut, specify custom divided lites according to a new design or ask our design professionals to assist in creating a pattern for your needs.

Selected: Rectangular
Vertical DLO is 34 3/16" in inserts vs 33 3/4" in full frame replacement

Horizontal DLO is 33 41/64" in inserts vs 33 31/64" in full frame replacement

PRODUCT AND PERFORMANCE INFORMATION

NFRC energy ratings and values may vary depending on the exact configuration of glass thickness used on the unit. This data may change over time due to ongoing product changes or updated test results or requirements.

The National Fenestration Rating Council (NFRC) has developed and operates a uniform national rating system for the energy performance of fenestration products, including windows and doors. For additional information regarding this rating system, see www.nfrc.org.

NFRC energy values and ratings may change over time due to ongoing product changes, updated test results or requirements.

Review the map below to determine if your units meet ENERGY STAR for your location.
